- 25kg Class Pavement Breaker
- 25 x 108 / 32 x 160mm Hex Shank
- Latch chisel retainer
- Suitable for large area pavement breaking, reinstatement & trenching
- Built in automatic oiling system
- Vibration damping handles and air cushioning cylinder design
- Integrated noise muffler
- Fitted with Claw coupling as standard

Vibration Control

A selection of our tools are fully equipped with a range of vibration reducing design features for smoother operation and greater comfort. By selecting a vibration controlled option, you not not only decrease any potential health risks to your tool operators, but you could also massively increase your productivity levels. The vibration control feature increases the length of time the tool can be used before current ELV & EAV levels are reached.

Auto Lubrication

All hammers feature an in-built automatic oiling system to ensure correct lubrication at all times. Vastly increasing service life and reliability, whilst reducing wear & repair costs.

2yrs Warranty

All Yokota UK Heavy Duty Hammers & Pavement breakers include a fully extended 2 year manufacturer's warranty.
