

ACCESSORIES  
DRESSING STONE  
**DRESS-STONE**  
ALUMINIUM OXIDE STONE

APPLICATIONS - RE-DRESSING OF  
DIAMOND TILE BLADES & OTHER  
DIAMOND SEGMENTED BLADES

KEEPS YOUR DIAMOND BLADE CUTTING FREELY

RUN BLADE THROUGH DRESSING STONE 3/4 TIMES

- Ideally use the dressing after every few cuts / passes made through porcelain tile or masonry materials
- To re-dress the diamond edge simply run the blade through the dressing stone to a depth of roughly 5 mm
- Make 3 to 4 passes
- This can be done with any power tool that your diamond blade fits on - run the tool at full speed

KEEPS YOUR DIAMOND BLADE CUTTING FREELY BY EXPOSING THE NEXT  
LAYERS OF DIAMOND IF YOUR CUTTING EDGE BECOMES DULL
